EasyWay biometrics

faceAXS PRO

FACEAXS PRO is a full featured multibiometric device leveraging the advantages of fingerprint biometrics and facial recognition technologies plus RFID, all in the same terminal.

FACEAXS PRO is the time and attendance and access control biometric device more robust of the FACEAXS family since it comes with an exhaustive set of features for simplifying installation, operation and use

FACEAXS PRO is the ideal solution to verify identity without compromising performance and reliability. Features such as dual biometric technology, users a records capacity, tolerance to illuminance, aesthetic and practical design, different communication options and friendly user interface make FACEAXS PRO the best solution for small to big size companies.

MAIN FEATURES

- Advanced biometrics algorithm for superior performance: FAR < 0.001%, FRR < 1%

- High capacity:
    - ‣Face: 2000
    - ‣Fingerprint: 2,000
    - ‣Cards (EM): 10,000
    - ‣Records: 200,000

- Illuminating level: 20,000 lux

- Speed: < 1 segundo

- Verification methods: face, face + fingerprint, face or fingerprint, fingerprint, card + face, card or face, card, ID + password.

- Communications: TCP/IP, USB Host, Wiegand input and output, WiFi

- Built-in relay*

DUAL
TECHNOLOGY

Multibiometric device combining biometric fingerprint and face recognition technologies, More proximity technology, in the same terminal.

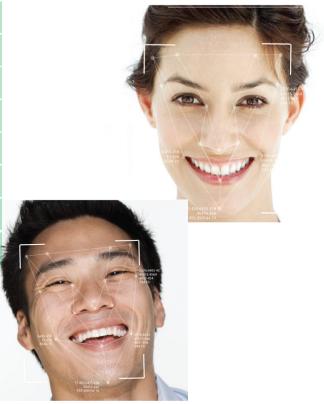

FINGERPRINT

SPECIFICATIONS

PROCESSOR	High speed digital processor 1 Ghz
USER CAPACITY	2000 Face Users / 2000 Fingerprint users
RECORD CAPACITY	200,000 Records
ILLUMINATING	20,000 Lux
VERIFICATION METHOD	Face, Face + Fingerprint, Face or Fingerprint, Fingerprint, Card + Face, Card or Face, Card, ID + Password
PERFORMANCE	FAR < 0.001%, FRR < 1%
VERIFICATION SPEED	Less than 1 Second
SENSOR	Specialized dual sensor
KEYBOARD	4*4 Touch Keypad
RFID	125 kHz EM
SCREEN	TFT 3.5 inch Color
COMMUNICATION METHOD	Standard TCP/IP, USB Host, Wiegand output/input, Wifi
RELAY	Yes
POWER	12 V DC (adaptor included)
OPERATING DISTANCE	30 – 80 cm
OPERATING TEMPERATURE	0 – 40ºC
OPERATING HUMIDITY	20 – 80 %
CERTIFICATION	CE, FCC Class A, RoHS

SOBRE EASY WAY BIOMETRICS

EasyWay Biometrics is the new brand of innovative fingerprint solutions for Time & Attendance and Access Control needs. Every EasyWay terminal has been designed with international quality standards, combining fashionable design with outstanding performance

EasyWay uses the latest technology to create products that provide a functional solution for customers who need low cost T&A and Access Control solutions.
